Registration Pack – (0 -15 years)

Welcome to Stoke Gifford and Conygre Medical Centres

Please find enclosed in this pack the necessary forms required for you to register with the practice.

We are unable to complete your registration until all the forms are completed fully this could take up to 2 working days. Please take your time to fill in the forms and make sure all the information is as complete and accurate as you can. Below is a list of the forms you will need to complete.

- NHS Registration Form (Purple form)
- Health Questionnaire
- Ethnicity Form
- Carers Form (if applicable)
- Online Services Application Form

You should also have received with this pack a practice brochure (one per household). This will give some further information about the practice and how we work. There is also further information on the appointment system, online booking, out of hours and patient information available via the practice website.

During the registration process you will be allocated a **Named GP**. This allocation is sorted by surname, following the table below.

Stoke Gifford Medical Centre			Conygre Medical Centres		
	Alphabetical Split		Alphabetical Split		Alphabetical Split
Dr Young	A-D	Dr Warner	Q-T	Dr Warnock	A-H
Dr Aitken	E-H	Dr Maarouf	U-V	Dr Bragg	I-P
Dr Wood	I-L	Dr Blenkharn	W-Z	Dr Maarouf	Q-U
Dr Haque	M-P			Dr Blenkharn	V-Z

Online appointment booking is now available for under 16's with parent consent. A consent form is included in this pack. Please fill this in for your child if you wish them to have access to online appointment booking and repeat prescriptions. You will then be able to collect your child's online registration details once their registration has been completed. Please allow 5 working days.

The **Electronic Prescribing Service** is used at the practice. This makes it possible for us to send prescriptions electronically to a pharmacy that you have nominated (Please see health questionnaire to nominate your pharmacy).

Patient Participation Group (PPG). We have a patient forum that meets 3 or 4 times a year on an evening. The meetings provide an important opportunity to hear patient views and use feedback to help us shape practice policies. If you would like to be part of our forum, please contact Debbie Grant, our Patient Services Manager, on 0117 9799430.

Stoke Gifford & Conygre Medical Centres

Contacting us. We want to hear about your experiences, good and bad. This allows us to recognise the efforts of the team or make changes when things need improving. Should you want to discuss any area of the service you received, please arrange to speak to our Patient Services Manager – Debbie Grant or leave a comment in our feedback box.

We hope you will be happy at the practice

Thank you

DO YOU LOOK AFTER SOMEONE WHO IS ILL, FRAIL OR DISABLED

COMBINED CARERS IDENTIFICATION and CONSENT FORM

Are you looking after a relative, friend or neighbour who is ill, frail or disabled and is unable to or has difficulties in looking after him or herself? Do you give support to someone who has mental health needs or misuses alcohol or drugs?

If you are, that means you're a carer. Registering that you are a carer with the Practice could mean that we are able to offer you more support or link you up with organisations that could be helpful to you.

Please complete this form and hand it in to the receptionist or post it to us.

Stoke Gifford & Conygre Medical Centres

If I have a health problem, I find it difficult to come to the surgery because I cannot leave the person I look after. This means that there are only very limited times when I can come to the surgery to attend to my own health needs or that I may need a doctor to do a home visit.

If this is the case for you please tick the box.

As a carer you have the right to a Carer's Assessment from South Gloucester Council's Health and Social Care Department. This is an opportunity to say what help YOU need to look after the person you care for.

Their contact number is **01454 868007**.

The Princess Royal Trust Carers Centre provides a range of services, support and information for carers.

Their contact number is **0117 9652200**.

Stoke Gifford & Conygre Medical Centres

Stoke Gifford and Conygre Medical Centre Patient information - Online Services & Records Access.

If you wish to, you can now use the internet to book appointments with a GP, request repeat prescriptions for any medications you take regularly and look at your medical record online. You can also still use the telephone or call in to the surgery for any of these services as well. **Under 18s will only be able to access the repeat prescribing and appointment booking service.**

Being able to see your record online might help you to manage your medical conditions. It also means that you can even access it from anywhere in the world should you require medical treatment on holiday. If you decide not to join or wish to withdraw, this is your choice and practice staff will continue to treat you in the same way as before. This decision will not affect the quality of your care.

Having verified your identity, you will be given login details, so you will need to think of a password which is unique to you. This will ensure that only you are able to access your record – unless you choose to share your details with a family member or carer.

It will be your responsibility to keep your login details and password safe and secure. If you know or suspect that your record has been accessed by someone that you have not agreed should see it, then you should change your password immediately.

If you can't do this for some reason, we recommend that you contact the practice so that we can remove online access until you are able to reset your password.

If you print out any information from your record, it is also your responsibility to keep this secure. If you are at all worried about keeping printed copies safe, we recommend that you do not make copies at all.

The practice has the right to remove online access to services for anyone that doesn't use them responsibly or where this access is not considered to be in your best interests. We can also refuse access if we are unable to verify your identity. (Please see note on application form).

Before you apply for online access to your record, there are some other things to consider. You will be asked that you have read and understood the following before you are given login details:

Forgotten history. There may be something you have forgotten about in your record that you might find upsetting.

Abnormal results or bad news. If your GP has given you access to test results or letters, you may see something that you find upsetting to you. The practice will only enable results and letters for viewing once checked by GP or designated professional. The GPs will check results during surgery hours and call patients prior to this information being accessible to patients. Please try not to be concerned about all abnormal results. More information about interpreting test results can be found at <http://labtestsonline.org.uk/>. It is our policy that GPs will contact you when test results require this.

Choosing to share your information with someone. It's up to you whether or not you share your information with others – perhaps family members or carers. It's your choice, but also your responsibility to keep the information safe and secure and you should check the content of your records prior to sharing them.

Coercion. If you think you may be pressured into revealing details from your patient record to someone else against your will, it is best that you do not register for access at this time.

Misunderstood information. Your medical record is designed to be used by clinical professionals to ensure that you receive the best possible care. Some of the information within your medical record may be highly technical, written by specialists and not easily understood. If you require further clarification, please contact the surgery for a clearer explanation.

Information about someone else. If you spot something in the record that is not about you or notice any other errors, please log out of the system immediately and contact the practice as soon as possible.

More information. For more information about keeping your healthcare records safe and secure, you will find a helpful leaflet at <http://www.nhs.uk/NHSEngland/thenhs/records/healthrecords/Documents/PatientGuidanceBooklet.pdf>
